CLOVERBUDS

It is neither the intent nor the objective of the 4-H Cloverbuds program to duplicate the 4-H member experiences that are designed for other youth, nor to create a “mini-4-H” concept. While the 4-H Cloverbuds program is a component of the overall 4-H Youth Development program and 4-H Cloverbud members are recognized as 4-H members for the purposes of enrollment, they are considered to be in a special membership category with regard to program and policy. As a result, the 4-H Cloverbuds program is fundamentally different than general membership in 4-H. unique educational opportunity. Children in these grades are a distinct audience for 4-H, with unique learning characteristics and developmental needs that are different from older children and youth served through 4-H membership. As a result, the Cloverbuds program is designed with specific educational objectives and program policies focused on the 5- to 7-year-old child. Participation, safety, personal development, learning and fun are the highest priorities in providing 4-H

Cloverbud 4-H exhibits will be displayed with the option of interview judging and will each receive a Cloverbud Participation Ribbon.

OVERALL INDOOR HIGH POINT AWARD

To be eligible for this award, the 4-H member must exhibit in at least two indoor project areas. This award will be presented at the 4-H Awards Banquet.

Overall Indoor High Point Awards will be awarded in the following manner:

- Grand Champion = 6 points
- Reserve Champion = 5 points
- First Place Blue 4 points
- Second Place Blue = 3 points
- Third Place Blue = 2 point
- Fourth Place Blue = 1 point

THE DANISH OR GROUP SYSTEM OF PLACING USED IN 4-H

4H exhibits are judged and placed using the Danish, or group system. The Group system means that all exhibitors receive a ribbon; the color is based on the quality of the exhibit: blue ribbons for excellent work, red ribbons for good work, and white ribbons for average work. In Teller County, the Danish system is used with the following variations. All awards and ribbons are awarded at the judge's discretion.

- Only Unit Champions are eligible for State Fair. State Fair exhibits: The first-place project in each eligible **Unit** is selected in family/consumer sciences, natural resources, and miscellaneous 4-H projects. This exhibit must be a first blue award quality to be eligible for state competition.
- A Champion and Reserve Champion Award will be provided in all 4-H projects unless stated otherwise and or at the judge's discretion.
- Horse, dog, poultry, rabbit, cavy and livestock classes will be awarded ribbons through 6th place for shows.

LIVESTOCK SALE INFORMATION

- 4-H Market Livestock Sale will be on Friday following buyers' dinner. Grand and Reserve Champions of all classes will be sold first with the remaining animals presented according to placement in their class. TELLER COUNTY IS A TERMINAL SALE ALL ANIMALS SHOWN MUST BE PRESENTED FOR SALE AT THE 4-H MARKET LIVESTOCK SALE. Animals offered for sale will be declared after live placing in the show ring. A sale order will be developed and posted as soon as it is determined by TCAFAS. People and animals participating are to be lined up in order of sell at the appropriate time.
- Each exhibitor is limited to selling one (1) of each species at the livestock auction unless an exhibitor has the Grand and Reserve Champion in the same species. Each exhibitor may show two (2) animals (excluding rabbits) of each species during judging. The highest-placing animal is automatically designated for the Sale. If a member has the same species that has placed the same in two separate classes, they will have a choice of which animal to sell, UNLESS THE ANIMAL HAS BEEN MOVED TO GRAND OR RESERVE DESIGNATION. They must notify the TCAFAS Executive Board in writing within 60 minutes of the end of the show. All sales are final during this auction, this is not a NO SALE Auction.
- Upon the discretion of TCAFAS, feeder and/or second animals may be sold outside the auction platform and will be an agreement between the seller and buyer without recourse to TCAFAS. All financial transactions for outside sales will be the responsibility of the seller. Private treaty sales will not be transported or processed through TCAFAS. And are not eligible for buy-back sales or tax incentives.
- All livestock exhibitors (beef, dairy, sheep, goats, swine, poultry, and rabbits) will be expected to maintain the barns and pens in a fashion pleasing for general public viewing and to change bedding daily BEFORE AND AFTER THE SALE. Failure to do so will result in forfeit of \$50.00 from sale proceeds
- Livestock sold at auction becomes the property of the buyer when the auctioneer says "Sold". The responsibility for care of market animals sold in the market sale remains with the exhibitor (seller) until the animal is delivered to the hauler/processor. Arrangements for their care in the interim are the responsibility of the exhibitor.
- 4-H animals sold by private treaty WILL NOT be shipped by TCAFAS unless prior arrangements have been made with TCAFAS for shipping and processing. The buyer and seller must make their own arrangement for shipping and processing.
- Buyers may choose to participate in a "buy back" of the animal they purchase. In that case, the animal is sold back to a member of the public who has put their name on the buy-back list with the fair board (based on first come first served) for a particular species, at the current market price (average of current state auctions). The auction winner will pay the difference between what they bid on the animal minus the market price. All funds will go to the youth.
- There have been questions in the past regarding what the fair board takes from each sale. TCAFAS is one of the only sales that does not take any money from each sale.
- They believe the kids deserve every dollar that is bid. Again, this is rare in livestock auctions.

NOTE OF INTEREST TO BUYERS

- All sheep, swine, goats, and cattle will be sold by the head.
- All market Rabbits are sold as a pen of three.
- Poultry will be sold as single unit or as a pen of three as shown.
- Transportation for sheep, swine, goats, and/or cattle purchased through the Livestock Auction will be provided by Livestock Committee and/or professional hauler to the designated packing plant.
- All poultry and rabbits will be sold live, and exhibitors will make arrangements with CSU Extension Office for processing.
- The buyer will pick up processed animals.
- The Livestock Committee will not take possession, nor be responsible for the health, safety and life of the animal
- Immediately following the market stock sale, the purchaser will be required to report to the TCAFAS office and pay for the animal purchased. Payment can be made by cash, credit card or check. No livestock will be released until payment is made (Unless arrangements have been made with TCAFAS Executive Board). Cutting information will be available at TCAFAS office.

SALE SUPPORTERS If you would like to support youth at the Livestock Auction Sale, and do not want to buy an animal, “Add-ons” are a possibility.

- “Add-On” Facts:
 - Done at the time of the auction after each animal sold or done beforehand by individuals or companies with signed notes or checks.
 - A company or individual may give to a specific 4-H member or make a donation to be equally dispersed to a group of 4-Hers.
 - Add on monies are considered as donation and subject tax incentives.

Why Buy 4-H Meat?

The 4-H market livestock programs require all participants to adhere to wholesome meat practices. Each member is trained to raise their animals’ using principles that ensure the healthiest product available. Our sale offers high quality meat that is drug free. When you purchase a 4-H market animal, you are getting meat at better prices than grocery store prices. Because you are purchasing all cuts of meat at once, the average price reflects the price of all cuts including steaks and roasts. This is a great deal! Purchasing a year’s supply of meat at one time may be a considerable financial commitment, but the total expense for your support and positive effects on our youth is “Priceless”. Simple Steps to Purchase Great 4-H Meat: Decide what you can afford. If you cannot afford an entire animal go in with one or more partners. Beef can be divided 4-ways, Lamb, Goat, and Pork 2-ways. If you cannot find a partner, come to the auction and speak to a livestock committee member, and they will try to match you with another buyer. You can also email us at: tcafes2007@gmail.com.

SHOWMANSHIP CLASSES

- All showmanship classes will be divided into Junior (ages 8-10), intermediate (11-13), and senior (ages 14-18), using the contestant's age as of Dec 31st of the previous year. Exhibitors will wear entry numbers. The judges will select one champion Jr., Int., and Sr. Showman from each species. These champions will then compete in the Round Robin Contest.
- If you choose not to participate in Round Robin you will forfeit ribbons, placings, awards, and they will be given to the exhibitor that placed next. Accommodations will be implemented as needed, allergies must be medically documented to include proof of proper testing, ADA, etc.).
- Any showmanship animal must have been shown in a 4-H show class. • Contestants must show their own animals in this contest and may be asked to trade animals with other contestants at the discretion of the judge
- Contestants will be judged on their skill as "showmen", on their dress and the appearance of their animals before the judges. The breed or individual conformation of the animals shown will not be considered.

ROUND ROBIN MASTER SHOWMANSHIP

- The top Junior, Intermediate, and Senior Showmen in the all species divisions will compete in a rotation contest for Teller County Master Junior, Intermediate, and Senior Showmanship honors.
- 4H'ers may qualify in only one species.
 - In the event that there is not a showman for a division, that division will be removed from the contest.
 - Should a 4H'er win showmanship in more than one division, they may choose which division they will use as their own/home animal, providing there is an alternate showman in the non-chosen division. This alternate will then be eligible to compete in Round Robin. The alternate cannot have already won grand champion in another species.
 - Should a 4H'er win showmanship in more than one division and there is not a runner-up in either division, both animals will be used in competition, but the 4H'er will designate which animal will be their home/own. The non-designated species will be used in competition but will not be scored on grooming.
 - Division designations will be submitted in writing to TCAFAS Executive Board within 30 minutes of the conclusion of the Market Beef show.
 - 4-H members should show their own animals. Exceptions must be approved by the TCAFAS. .
- Animals should not be released by one showman until it is controlled by another or an official of the contest.
- The Round Robin will be held as designated by TCAFAS Board on Friday starting with Small animal followed by Large animals

- Each contestant will receive a grooming score on his or her own/home animal. Animals are expected to be properly groomed for the show.

4-H DOG SHOW

Dog Exhibitor & Dog Eligibility Rules stated in the State Fair Syllabus will apply to the Teller County Fair. Youth must have their dogs and have them entered into 4-H online no later than May 1. Proof of current dog licensing and vaccination of the dog for rabies and parvo virus must be provided with entry form. Dogs must be kept on a leash at all times during the Fair. Failure to comply could result in a disqualification. All exercises will be judged following the latest A.K.C. obedience guidelines whenever possible. Registry of dog with A.K.C. is not required.

GENERAL CONTEST RULES

- TCAFAS or Extension Agent or Dog Show Judge can and will dismiss any entrant or his/her family from the show for any mistreatment of dogs entered in this show. If a question should arise as to what constitutes "mistreatment," State 4-H staff and/or officials will meet to decide appropriate action in each case.
- Any negative behavior on the part of the exhibitor, family members or leaders directed toward any official will result in disqualification and awards forfeited. If there is a question as to the rules or the judging of a class, adult family members or leaders must approach the Superintendent of that division and **not the judge**. The Superintendents will then take the question to the judge if warranted.

- Dogs which are deemed to be a danger to people or other dogs can and will be removed from the show grounds and all classes forfeited. This will be determined by a consensus of the Superintendents.
- All entrants will be responsible for clean-up after their dogs. Failure to do so can be a basis for dismissal from the County Fair 4-H Dog Show and/or forfeiture of any placing.
- TCAFAS will have final decision authority THE CONFLICT RESOLUTION APPEAL PROCESS WILL APPLY.
- Dogs must be on a leash at all times, except when performing exercises off-leash in the show ring.
- If a dog has failed an exercise, it will not ordinarily be re-judged unless the judge feels the dog's performance was prejudiced by peculiar and unusual conditions. In such a case, the judge may wish to re-judge the dog only on the portion of the exercise in which the unusual condition occurred.

EXHIBITOR ELIGIBILITY RULES

- Member must be enrolled in the 4-H Dog Project.
- The member must own his/her project dog individually or in partnership with immediate family members or guardians during the complete duration of the project year. No leased dogs will be allowed to show at Teller County Fair. If requested, the member must have proof of ownership of the dog at the time of entry and provide that to the superintendents. The member must provide the majority of care for the dog(s).
- All exhibitors must have at least one qualifying score in a class to qualify for state fair. Qualifying scores are 170 and above in obedience, 170 and above in Showmanship and 70 and above in Rally.
- Each exhibitor may exhibit a different dog in obedience, showmanship and rally. A member may be entered in multiple Obedience or Rally classes with different dogs, but each member may only enter Showmanship one time.

DOG ELIGIBILITY RULES

- No bitch in heat, obviously pregnant or lactating bitches will be allowed to compete in any classes at the Teller County Fair.
- Dogs in obvious pain from a previous illness or injury shall not be shown. If a dog is injured at a show, that dog will be excused from the ring. Consideration of a dog's physical disability needs to be addressed between the handler and project leader before starting the project. A County Fair approved veterinarian or qualified veterinarian technician's decision on doubtful cases will be accepted as final.
- No dog other than the county-qualified dog will be eligible to show or compete at State Fair. Should any problem arise with the dog designated as the county-qualified dog, the Extension agent must be notified for any course of action.
- If the County qualified dog in Showmanship is injured or in season, a replacement may be used at the approval of the TCAFAS. The replacement dog must fulfill all of the "dog eligibility requirements", must be carried in the member's record book, and must have a health certificate on file with the county office. If requested, the health certificate must accompany the dog to the County Dog Trial and be presented to TCAFAS. If the member chooses to show a dog who has not been carried as a project

animal for the current project year, the member must show as exhibition only.

Intermediate and Senior Grand Champion and Reserve Grand Champion Showmen from any previous State 4-H Dog Trials are required to enter the Master Showman class.

GENERAL TIPS FOR SHOWMANSHIP

- A brush, comb and a drool rag will be allowed in the ring. No other equipment is permitted.
- Depending on what you are wearing in the showmanship ring, use proper kneeling etiquette. If you are in a skirt, it is best to kneel on both knees. If you are wearing pants, it would be appropriate to kneel on only one knee.
- Members with smaller breeds will be expected to show their dogs on a table. Judges will take into consideration the size and physical abilities of the handler. A list of most of the table breeds can be found in the project manual. A more complete list is available on the American Kennel Club website at www.akc.org.

- If the member is showing a mixed-breed dog; they should determine what breed their dog most resembles, and show in the manner of that breed. If you have a mixed breed dog, you can go to AKC website and look at different pictures of the breeds of dog to decide which breed your dog looks most like or refer to the 4-H Dog Manual.
- No dog tags should be on the dog when showing in the ring. Only the correct equipment for a showmanship class should be used. It is very important that your dog wear tags at all times, except when in the show ring.
- The format for showmanship scoresheet can be found on the Colorado 4-H website at: http://www.colorado4h.org/events_opportunities/state_fair/score_sheets/DogShow_manshipScoreSheet.pdf

A Qualifying Score will be 170 points out of the possible 200 points. Please note: During the Showmanship class each area of judging will be judged throughout the entire class. The score will reflect the member's ability to perform these items throughout the class, and not just one time. For example: the dog should be stacked (either hand stacked or free stacked) upon entering the ring, during the exam, after the pattern, and any time they are in the lineup. The "set-up" score will reflect all of these times when the dog is stacked.

OBEDIENCE

- All 4-H obedience classes will be patterned after the latest AKC obedience guidelines whenever possible, except that dog registry with AKC is not required. Some exercises and rules may have been adapted from AKC to better serve the youth of this program.
- In all classes except Puppy Class, ten points will be deducted in the obedience classes for the following: strong correcting, disciplining, fouling the ring, excessive barking, leaving the ring, rules violation or showing fear.
- Handlers entered in B class will be judged at a higher skill level (handler errors) than handlers entered in A class.
- Allowed collars in Obedience classes include: Flat or rolled leather with buckle or snap closure, flat or rolled nylon collars with buckle or snap closure, and metal choke chain. No halters, gentle leaders, harnesses, or pinch collars will be allowed in the show ring. Collars and leads must be 2 separate pieces. Slip leads are not allowed.
- The length of your obedience leash should be six feet for all Beginner Novice classes but may be shorter for all other classes.
- No dog tags can be on the dog when showing in the ring. This includes name tags, rabies tags, or anything else that hangs from the dog's collar. It is very important that your dog wear tags at all times, except when in the show ring.
- If an exhibitor has two dogs in the same class, they must choose one dog for sits and downs. The other dog must be handled by a currently enrolled 4-H member enrolled in the dog project for sits and downs.

CLASS 509: PUPPY:

Puppy classes will be for puppies who are not ready for regular obedience classes. The purpose of this class will be to introduce obedience commands to a puppy without the stress of perfection

seen in regular obedience classes. This class will introduce the puppy to dog shows in a positive manner, thus setting the puppy up for a lifetime of enjoyment in the show ring.

- Handlers will be encouraged to use a reward system of food treats or toys in the ring to reward the puppy during and after each exercise. Double commands (or more) will be allowed. This class will be evaluated more on the handler's skill in training a young dog and dealing with the animal's mistakes than on the skill of the animal when performing the exercises. This will be a NO SCORE CLASS. The score sheet will consist of *Excellent*, *Good*, or *Needs Improvement* in each of the following areas: Loose Lead Walking; Sit for Exam; Recall; Down Stay, and Serpentine Walking.
- Loose Lead Walking – This exercise is used to encourage the puppy to feel comfortable and happy on lead while maintaining a distance of no more than two feet from the handler's left side. This does not need to be a heel position. Handlers may use bait and toys to keep the puppy in the correct position, and may tell the puppy to sit after a "Halt." Things to be considered in judging include the enjoyment of the puppy, the bond between the puppy and the handler, and the handler's ability to get the puppy's attention back after a distraction.
- Sit for Exam – In this exercise, the puppy is commanded to a sit position. The judge will approach the puppy and examine it. The judge is required to handle the puppy's ears, mouth, and one front foot during the exam, although petting and scratching are encouraged. The purpose of this exercise is to teach the puppy to accept handling from a friendly stranger.
- Recall – The handler will command the puppy to stay in a sit position and will step just in front of the puppy with his or her toes no more than six inches from the puppy's front feet. When the judge says "Call your dog," the handler will proceed to walk backward no more than six feet while calling the puppy. The puppy should get up and follow the handler in a happy manner. After the six feet has been reached, the handler will command the puppy to sit.
- Down Stay – The handler will put the puppy in a down. When the judge says "Leave your puppy," the handler will tell the puppy to stay. The handler will walk to the end of the lead, pause, and then immediately walk behind the puppy and back to the heel position.
- Serpentine Walking – The puppy and handler will walk on a loose lead through a serpentine positioned in a straight line. The expectations are the same as for Loose Lead Walking, with the addition of the distraction of the three "posts."
- After one year of showing in the Puppy Obedience Class: If the member was in their 1st year of obedience training, the team moves into Beginner Novice A Obedience, if the member was in their 2nd year or higher of obedience training, the team moves to Beginner Novice C 1st year.

BEGINNER NOVICE DIVISION:

CLASS 510 - Beginner Novice A:

(this is a first-year class for the handlers and their dogs). This class is open only to handlers and their dogs in their first year of dog obedience training work.

CLASS 511 - Beginner Novice B:

OBEDIENCE JUMP INFORMATION

- There are 3 types of jumps that may be used in Obedience classes: the Bar Jump, the High Jump, and the Broad Jump. The dog must jump their regulation height and width for their class. The Broad Jump will cover a distance equal to twice the standard height of the High or Bar Jump setting. For the Broad Jump, the correct number of boards must be used for the width being jumped. Refer to the chart for proper jump regulations.
 - Broad Jump Distances:
 - Four boards are used for 48-72 inches
 - Three boards are used for 28-44 inches
 - Two boards are used for 16-24 inches
 - When decreasing the number of boards in the Broad Jump, the tallest hurdle is removed first.
- Breed Exceptions – Jumps: Some breeds, because of their conformation, have exceptions granted for their jump heights. Please check the AKC Website under the

Obedience rules for the current chart of exceptions of breeds for these jumps. The website for AKC is: www.akc.org

OBEDIENCE CLASS SCORES

The best way to check what is expected in the various classes is to check out the score sheets posted on the State 4-H Website. A guide to what is expected in each class is being written and will be posted on the State website. You may also check on the AKC website for information but know that 4-H requirements might vary from AKC requirements. The Ohio State Handbook can also be of great help.

RALLY

No halters, gentle leaders, harnesses, or pinch collars will be allowed in the show ring. Collars and leads must be 2 separate pieces. Slip leads are not allowed.
- No dog tags can be on the dog when showing in the ring. This includes name tags, rabies tags, or anything else that hangs from the dog's collar. It is very important that your dog wears tags always except when in the show ring.
- All jump heights will conform with current (as of November 2017 rules and regulations) AKC height and broad jump recommendations.
- Each member will be allowed only one run in each class with the dog who has qualified for that class.
- Walk-throughs will be announced. Youth will not be allowed to walk through the pattern at any time other than the official walk-through time.
